

Innovative Security Solutions for Safer Campus Environments

THE CHALLENGE:

Keep students, faculty, and staff safe on campus while providing a secure and welcoming environment.

THE SOLUTIONS:

Prevent a crisis from occurring and protect everyone on the grounds if such incidents were to transpire by employing best-in-class security solutions that enable higher education facilities to secure all buildings and facilities, monitor for threats, and alert emergency personnel in real-time.

SECURE

Maintain secure buildings and facilities with cutting-edge access control systems to prevent unauthorized personnel from entering buildings, offices, dorm rooms, and any other enclosed areas.

TOP SOLUTIONS

- Personal identification
- Visitor management systems
- Door access

MONITOR

Monitor activity on campus using state-of-the-art CCTV systems, which allow safety personnel to identify and track potential threats as they happen. Video analytic solutions can then be used for in-depth analysis of the footage to prevent similar events from occurring.

TOP SOLUTIONS

- IP/Analog camera solutions
- Video management system solutions
- Video analytics
- Wireless transmission solutions

ALERT

Mass notification and emergency communication tools enable school officials to notify everyone on campus of an incident through digital devices and intercoms while immediately alerting emergency personnel. Emergency call-boxes and gunshot detection systems can also offer additional support for immediate response.

TOP SOLUTIONS

- Panic alarms
- Internal communication
- Communication between law enforcement and site emergency
- Email notification
- Gunshot detection
